Form 990 (2019)

### Form 990, Part III, Line 4a:

Livingston HealthCare (LHC) is a 25-bed acute care hospital located in Livingston, Montana, providing inpatient, outpatient, and emergency services primarily for the residents of Livingston Montana and the surrounding area. It is a multispecialty physician practice that also provides rehabilitation services and home-based services such as home care and hospice care. LHC provides medical treatment of the sick and injured patients regardless of ability to pay. This includes private payers, insured payers, Medicare, Medicaid and Charity Care. LHC provided funding for Windrider Transit in the amount of \$10,150 in FY 2020. Windrider provides a free, efficient fixed-route transportation system to citizens and disabled persons in Park County, Montana; it operates Monday through Friday from 6:15 AM-6:15 PM. All vehicles are ADA accessible and equipped with lifts. The Windrider bus makes seven stops each day at Livingston HealthCare, and includes multiple daily stops at 14 other locations in Livingston, including to the public library and a local grocery store. In FY 2020, the Windrider bus picked up 3,104 passengers and was driven 232 days, with an average of 13.379 passengers each day. 350 passengers received a ride from Livingston HealthCare via the Windrider bus in FY 2020. The anticoagulation clinic is where LHC pharmacists manage and monitor warfarin dosing for patients under a collaborative practice agreement with the LHC clinic physicians. Warfarin is used to treat patients who have had a blood clot or have certain conditions that put them at risk of developing a clot. It has a narrow therapeutic window, meaning that there is just a small range between too little and too much drug. Warfarin has to be closely monitored and titrated to keep it in range. Adding to the complication is the fact that warfarin has many drug interactions and food interactions that can impact the levels. Face-to-face visits are a billable encounter and LHC does not bill for the anticoagulation clinic visits. All the face-to-face visits are through March 2020. At the end of March, we transitioned to phone management. Lab has a charge for the lab draw, but LHC doesn't charge for the visit. For charity purposes, we've counted the missed billing opportunities for face-to-face visits and staff time (whether the visit was billable or not) to manage the patients. FY2020 totals: Number of patients: 210, Number of visits total (phone and face-to-face): 3,179, Pharmacist time (approximately 20 minutes per visit): 1,059 hrs, Charity staff wages = \$59,304, Number of Face to Face visits: 1,066, Charity = \$62,580, Total charity for anticoagulation clinic FY20: \$121,884

In the current fiscal year, Livingston HealthCare has taken a number steps to address some of the needs identified in the CHNA. Regarding behavioral health, in conjunction with the Livingston School District, Livingston HealthCare has implemented a school-based outpatient treatment for behavioral health, broadening access to pediatric and adolescent behavior health. To that end, Livingston HealthCare has also recruited and hired a clinical psychiatrist to provide these services. Regarding community benefit, Livingston HealthCare continues to increase the usage and participation in Connect Referral by providing continued education and further collaborating with community providers. Livingston HealthCare also hosted a community flu clinic to further increase community wellness. Regarding access to care, Livingston HealthCare has taken several actions. First, Livingston HealthCare recruited and hired an internal patient experience manager. The patient experience manager has created and implemented a patient experience program that provides training and education to staff as well as obtains data and feedback from patients to further improve experience. Livingston HealthCare has also worked to expand services and evaluated and improved access to providers by hiring additional family practice and internal medicine providers.
