990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7	Costing Methodology: A ratio of patient care cost to charges, as determined in Worksheet 2, was used to report the amounts in Part I, Lines 7a 7c. For amounts reported on lines 7e 7i, actual expenses for each community benefit activity are tracked and reported using the organizations accounting general ledger and are not based on a cost to charge ratio. The number reflected on line 7, column (f) excludes bad debt expense. The supplemental hospital offset payment program (SHOPP) was created and implemented in calendar year 2011 for the purpose of assuring access to quality care for Oklahoma Medicaid members. The program is designed to assess Oklahoma hospitals, unless exempt, a supplemental hospital offset payment program fee. The collected fees are placed in pools and then allocated to hospitals based on Medicaid revenues as directed by legislation. The Oklahoma Health Care Authority (OHCA) does not guarantee that allocation will equal or exceed the amount of the supplemental hospital offset payment program fees that were paid by Saint Francis Hospital Muskogee, Inc. Part II: Community Building Activities Community building activities improve the communitys health and safety by addressing the root cause of health problems. These activities strengthen the communitys capacity to promote the health and well-being of its residents by offering the expertise and resources of the healthcare organization. Costs for these activities include cash donations and expenses for the development of a variety of community-building programs and partnerships. See Schedule O for additional information regarding Saint Francis Health System, Inc.s and Saint Francis Hospital Muskogee, Inc.s community building activities aimed at promoting the health of the community.
Part III, Section A, Line 2	Saint Francis Hospital Muskogee, Inc. has an established process to determine the adequacy of the allowance for uncollectable receivables that relies on a number of analytical tools and benchmarks to arrive at a reasonable allowance. No single statistic or measurement determines the adequacy of the allowance for uncollectable receivables. Some of the analytical tools that Saint Francis Hospital Muskogee, Inc. utilizes include, but are not limited to, historical cash collection experience, revenue trends by payer classification, and revenue days in accounts receivable. Accounts receivable are written off after collection efforts have been followed in accordance with Saint Francis Hospital Muskogee, Inc.s policies.

Part III, Section A, Line 4	Saint Francis Hospital Muskogee, Inc.'s reviewed financial statements provide a separate footnote addressing the organization's net patient accounts receivable on pages 5 and 6.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Section B, Line 8	Costing Methodology: Medicare allowable costs were calculated using a cost-to-charge ratio and the Medicare filed cost report. The shortfall on Schedule H, Part III, Section B, Line 7 is considered community benefit. Saint Francis Hospital Muskogee, Inc. provides services to many low-income Medicare recipients. The Medicare losses sustained at the hospital are a result of Medicare reimbursing at less than operating costs.
Part III, Section C, Line 9b	Saint Francis Hospital Muskogee, Inc.'s debt collection policy is to pursue collections of patient balances from patients who have the ability to pay for the services. Saint Francis Hospital Muskogee, Inc. applies its collections efforts consistently and fairly to all patients regardless of insurance. Saint Francis Hospital Muskogee, Inc. works with those individuals who do not have the financial resources to pay outstanding balances to qualify for Saint Francis Hospital Muskogee, Inc.'s financial assistance policy.
