Supplemental Information

Return Reference	Explanation
Part X, Line 2:	The Foundation is exempt from income taxes as an organization described under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Foundation's tax-exempt purpose would be subject to taxation as unrelated business income. The Foundation has not realized any such income to date, and no provision for income taxes has been made in the accompanying financial statements. The Foundation files a single federal information return with the Internal Revenue Service, and is not classified as a private foundation. The Foundation follows FASB ASC Topic 740-10, Accounting for Uncertainty in Income Taxes, which seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. This topic prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. An entity may only recognize or continue to recognize tax positions that meet a "more likely than not" threshold. The Foundation assesses its income tax positions based on management's evaluation of the facts, circumstances, and information available at the reporting date. Management does not believe the Foundation has any significant uncertain tax positions that would be material to the financial statements. Furthermore, there are no Federal or State open-year tax returns under audit.
