Return Reference	Explanation
Form Sch. A, Part II, Line 17a:	Treasury Regulation Section 1.170A-9(F)(3) Provides that an organization will be treated as publicly supported under the facts and circumstances test even if it fails to meet the 33 1/3 percent test. Under the facts and circumstance test, an organization will be treated as publicly supported if it normally receives a substantial part of its support from governmental units, from direct or indirect contributions from the general public, or from a combination of these sources, and meets certain other requirements. The pertinent factors set forth in the regulations are discussed below: I) Ten percent-of-support Limitation: The Foundation normally receives substantial support from contributions made directly by the general public in excess of the minimum 10% threshold. II) Attraction of public support: The Foundation is organized and operated to attract new and additional public support on a continuous basis. The organization maintains a continuous and bona fide program for solicitation of funds from the general public, community, and membership groups involved. III) Percentage of Financial Support: Under the regulations: The higher the percentage of support above the 10% requirement from public sources, the lesser will be the burden of establishing the publicly supported nature of the organization through other factors. The percentage of support received from the general public for the year ended June 30, 2019 was 10.54%, and for the year ended June 30, 2020 was 14.32%.
