FORM 990, PART VI, SECTION B, LINE 15A:	Determination of president's compensation: an independent compensation consultant performs an analysis annually using independent research which considers the organization's current budget, the current salary of the president, and the number of years the president has served in that position. The analysis is based on various salary surveys to provide a salary range competitive with other similarly situated nonprofits in the geographical area. The resulting findings are provided to the board of directors officers, who reviews the findings and makes a recommendation to the full board for their approval regarding the president's compensation for the coming year. Compensation of all other staff (including other officers): salary adjustments for all IMA staff are guided by a salary administration policy developed by IMA. The objective of this policy is to ensure that salaries are commensurate with comparable organizations in the competitive labor market and that salary grades reflect the relative internal responsibility, accountability and know-how of all positions across the organization. An internal committee evaluates every job description to determine the appropriate salary range for all positions; salary ranges are intended to reinforce career growth, consider market values, and are managed in an equitable manner consistent with organizational values.
