Part V, Line 4:	The Asante Foundation, a 501(c)(3) organization, is directly related to and controlled by Asante. It is identified on Schedule R, Part II as a related tax-exempt organization. The Asante Foundation maintains the assets of 15 different endowments with a net worth of over \$26.0 million. The corpus of the endowments is to remain intact and invested in marketable securities and other financial instruments. At the end of each fiscal year, any investment income generated from the endowments is released to Asante. The income received is used to subsidize numerous programs, including the RRMH Hospice, physician and nursing education, children's health, oncology programs, and support of the Francis Cheney and Three Rivers Family Houses.

Part X, Line 2:	Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by Asante and recognize a tax liability (or asset) if Asante has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed tax positions taken by Asante and has concluded that as of September 30, 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or an asset) or disclosure in the consolidated financial statements.

Schedule D Part XI, XII and XIII	The financial statements and schedules of Asante are audited by the accounting firm of KPM G. They are compiled on a consolidated basis. The consolidated financial statements and schedules contain financial information about entities within Asante that are not included on the Asante form 990. Financial information about the Asante Foundation, Asante Physicians Partners, Southern Oregon Insurance Company, and Asante Ashland Community Hospital are included in the audited consolidated financial statements but, since each of those entities retain their own tax identification number, they file their own separate form 990. Thus, their financial information is excluded from the Asante form 990 and are included as reconciling items on Schedule D. On the Asante form 990, Schedule D, Parts XI, XII, and XIII, we have reconciled the total revenues, total expenses, and net assets to the consolidated statement of operations on the audited financial statements. In many cases, the financial information of these other entities is contained within the revenue, expenses, and net assets items in the financial statement and may not be readily distinguished on the financial statement line items.

Part III, Line 2:	Cost to Charge Ratio
Part III, Line 3:	Percentage of the population that would qualify for Charity Care according to poverty rate from Census Bureau, 13.6% poverty rate in 2020, that percentage of bad debt is assumed to be part of missed Charity Care.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4:	Bad debt expense is reported based on gross patient charges that have been written off due to non-payment.
Part III, Line 8:	Certain government sponsored health insurance companies, such as Medicare and Medicaid, pay a significantly reduced amount for medical services rendered to their insurees. Oregon law in ORS 442.200 (2) considers the difference between the expenses and reimbursement with respect to Medicare and Medicaid patients to be community benefit. Calculation: Total Medicare payments per cost report less total Medicare costs per cost report = Unrecovered Medicare cost per cost report.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b:	If there is an indication that a patient may be unable to pay their bill, a financial questionnaire is given or sent to the patient. On receipt of the completed questionnaire, the business office will determine eligibility for financial assistance and notify the patient within 20 days. Eligibility is determined based upon the questionnaire and on financial documents, such as tax returns, SSI statements, paycheck stubs, and FSA/HSA information. The patient's other financial obligations, number of dependents, assets and other financial circumstances are considered. Often, a patient will not provide a financial questionnaire, so the business office will use soft credit checks and zip codes+4 to help determine eligibility. The percentage of financial assistance provided is based upon a sliding scale table that utilizes the patient family's income as a percentage of the Federal Poverty Guidelines.
Part III, Section B	Unreimbursed Costs from the Medicare Program (using the Medicare Cost Report).

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 2:	Asante's five primary sources of input include the Community Leaders Forum, the environmental assessment, the community assessment survey, formal conversations with our collaborators, and identified Strategic Plan gaps from the previous year.
Part VI, Line 3:	The Financial Access Specialists, Credit Analysts, and Registration personnel work with the patient either at the time of scheduling, arrival at the hospital, or during the billing process. If the patient discloses they will have difficulty paying, we assist them applying for the Oregon Health Plan, Financial Assistance, or a payment plan. Based upon income and expenses, a patient may be eligible for Charity Care write-off of between 10% and 100% of their bill.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 4:	The most notable fact about the demographics of our service area is that we have a rather elderly population, both in our primary service area of Jackson and Josephine Counties, but also our secondary service area of northern California and southern Oregon. In fiscal 2020, patients 65+ accounted for 54.08 %52.74% and 53.78% of admissions at ACH, RPMC and TRMC respectively. For the next 20 years, the 65+ age group is forecast to be the fastest growing segment of the population. In addition, the overall population growth of our primary service area is also forecast to average 1% per year for the next 30 years.
Part VI, Line 5:	Along with providing quality healthcare, Asante furthers its exempt purpose and fulfills its mission to the community by providing or subsidizing numerous classes, support groups, health fairs, and self-help programs. These programs are at no or low cost to the public. The Asante Community Health Education Program is an ongoing, no cost program, open to all community members. In FY 2020, over 15 community health education classes were offered at RPMC and TRMC. On average, attendance well exceeded 75 people at each event. Asante also promotes and extends patient care by providing space and materials to approximately 30 support groups. Asante Hospice, RPMC and TRMC Cancer services, and RPMC/TRMC Women and Children's Services provide staff, resources and organizational support for various well-attended support groups and dedicational events, such as "Cancer Survivor's Day". Many other support groups are community-led, but logistically supported by Asante Health System and affiliated clinical staff members. The Smullin Health Education Center houses community and healthcare related events. Along with the Asante Community Health Education Program and support groups, Smullin hosted over 125 events. Operationally, Asante Health System supports these events by providing salaries, benefits, supplies and classroom space. Additionally, Asante is the sole support of the Francis Cheney Family Place and the Three Rivers Family House. Much like the Ronald McDonald House, these Houses provide low-cost temporary lodging for families of patients at RPMC or TRMC. Donations are accepted, but no one is denied lodging for an inability to contribute. Asante Health System has several clinical departments that provide non-billed services to community members. These departments include the Sterile Processing Department, Imaging Department, RPMC/TRMC pharmacies (both hospital and retail), Social Services, Resource Management, Senior Transportation, and the Supportive Care Team. RPMC also provides free lab work to the patients of the Community Health Centers. The Asante Health System strives to meet their on-going mission: Asante exists to provide quality healthcare services in a compassionate manner, valued by the communities we serve.

Part V Supplemental Information

Provide additional information for responses to questions on Schedule L (see instructions).

Return Reference	Explanation
Schedule L Part II	The EO provides supplemental retirement benefits through an alternative funding arrangement the IRS calls "collateral assignment split dollar" (CASD). Although the IRS requires reporting in the loan section of Schedule L, CASD is not an actual loan--no funds are transferred to the executive. Rather, the "loan" treatment applies because after the executive has received retirement benefits, the EO recovers all of its outlays plus interest. The recovery right is a key advantage of CASD for the EO. Rather than paying retirement benefits to the executive that would never be recovered, under CASD the EO recovers not only its outlays, but also consideration for the time value of money. CASD works as follows. The EO deposits funds into a cash value life insurance policy on the executive's life. During life, to the extent the executive fulfills service and vesting requirements, the executive can borrow against values in the policy to supplement retirement income. Policy performance is closely monitored. If policy performance lags, the executive's borrowing rights are reduced to protect the EO's recovery rights. At the executive's death, the policy death proceeds are first used to repay the EO its deposits plus compounded interest (at the IRS long-term applicable federal rate). The executive's beneficiary then receives any projected retirement borrowing the executive did not access during life. Any remaining death proceeds are available to be paid to the executive's beneficiary.

Within Asante, they are to be prepared by personnel in the Accounting Department. Additional assistance will be provided by personnel in the Marketing, Compliance, and Executive departments. Before final submission of the documents, they are reviewed by the Manager of Finance, Director of Finance and CFO. After submission the final returns are presented to the Asante Board of Directors. Policy Details: 1. When final audited financial information is available, Accounting personnel will compile the needed information to prepare the appropriate returns for the prior fiscal year. 2. As needed, Accounting will file all appropriate extensions on a timely basis. However, the final submission can never be extended past August 15th of the year following the fiscal year being filed. 3. In addition to normal preparation, Accounting personnel will coordinate with personnel in Marketing, Compliance, and possibly the Executive departments in preparing the various schedules needed to complete the return. All work papers are to be retained in a permanent file. 4. When all necessary information has been compiled, it is to be loaded into appropriate tax software. 5. When completed, a draft return will be reviewed by the Chief Administrative and Finance Officer. After the review, Accounting will clear all review notes and comments. 6. Once reviewed by the CAFO, an additional review will be performed by an outside CPA firm. Accounting will again clear any additional review notes and comments submitted by the outside CPA. 7. Once all reviews and corrections are made, the CAFO will sign all appropriate returns for filing. 8. All returns will then be filed either electronically or paper copy with the appropriate government agency. A copy of each return is to be kept in the Accounting department and a copy of the 990 and 990-T will be kept at corporate headquarters for public display and copying, as requested. 9. The Chief Executive Officer and members of the Board of Directors will look over the final set of returns and make further comments and corrections, as is appropriate.

Form 990, Part VI, Section B, line 15	The Compensation Committee of the Board of Directors annually reviews the compensation of the CEO and other key employees. The review compares the compensation of the CEO and other key employees with compensation data for job incumbents in comparable positions at other healthcare organizations of similar size and scope. At least every two years, the review is conducted and presented to the Compensation Committee by an outside consultant, chosen by the compensation committee. On alternate years, the general market movement is considered and the review is completed and presented by the VP of Human Resources. The Compensation Committee sets the actual annual cash compensation for the CEO and salary ranges for the other key employees. The Committee also sets total compensation opportunity for the CEO and each of the key employees, consistent with the executive compensation philosophy. Minutes of the Committee deliberations and decisions are recorded and maintained. The most recent executive compensation review by an outside consultant was completed in 2019, the VP of HR provided the update recommendations in 2020.
