The purpose of Chifundo Medical Missions is to support and promote the discipleship and outreach programs of Chifundo Rural Health

Health Center. The 3 main categories address services in the outlying zones, where the bulk of the 3400 people in our catchment are live.

The 2nd category provides support to the clinic which has provided and supported 35,000 individual services in the form of patient visits.

Other categories of services include:

Vehicle Maintenance:

This provides maintenance and fuel for the motorcycle, which provides transportation to Smart Mtonga who serves full time in community.

It also provides maintenance for the Gator, which allows us to transport malnutrition supplies, planting and harvesting of the malnutrition
(maize and soy).

Clinic Maintenance:

This category provides for cleaning and supplies, needed repairs and other necessary items to keep the clinic in clean and working order
so that we can serve our community.

Transportation :

Transportation provides funding to transport, either by truck or bus, the people necessary to provide services, as well as needed supplies,
including rice, soy/maize meals, clothes, blankets, medical supplies and construction materials to the sites within our zone.

Building:

These funds were used to purchase grain (maize and soy), fertilizer and chemicals, equipment to weed and harvest the grain that was used
to grind into the soy product used for our malnutrition program. This was our first year to plant (a much cheaper source), while we still had
to purchase some ground meal from town supplies, to carry for hundreds of our most needy and malnourished school children and
community members.

Stove Project:

This money was used as seed money to purchase sheet metal and other supplies to get the stove project started. This will be used to
fabricate stoves, even while teaching community members a trade that they can use to support their families, while supplying stoves that
are fuel efficient and prevent deforestation, that vent toxic gases out of the homes, and prevent burns (unlike open fires for cooking
in most homes).

Printing:

Printing was necessary to print office paperwork to facilitate patient visits for more than 35,000 individual visits, discipleship materials,
For Paperwork Reduction Act Notice, see the Instructions for Form 990 or 990-EZ.

outreach papers and other necessary supplies to serve all 5 zones in our catchment areas, and all 6 schools which have participated in our malnutrition program.

Container Processing:

Funds were used to process containers of rice which were used to supply tens of thousands rice meals to support our community of 3400 people during the massive drought in the last year. This was the only food support most families had when we had 100% loss of all crops.

School Roof:

Our local (and very poor) school experienced damage to its roof during a tornado/windstorm. One of our exceptional expenses was to provide materials, while the community provided the manpower, and the local college provided tools and expertise/teaching to repair the school roof so that no children had to miss classes at this time.

Indoor Residual Spraying for Malaria:

While malaria is endemic in all of Zambia, it has caused less morbidity and mortality in our part of the most devastated part of Rufunsa District due to the national best standard in the Ministry of Health, in the form of indoor residual spraying as performed by Chifundo Rural Health Center. It has reduced our malaria to less than 1% incidence compared to previous years, and also compared to neighboring catchment areas. This has decreased the cost of treatment, as well as its impact on malnutrition for our community members.

Other Expenses: IRS initial filing fee \$600

Staff development:

There are individuals who've committed to serving with The Chifundo Rural Health Center upon completion of their education but lack the financial means to do so. These individuals ensure the long-term viability and staffing of the hospital from Zambian nationals rather than foreigners. We have identified the individuals that require educational support and funds are designated to the college on their behalf.

This is only a brief summary of all the work performed by and through Chifundo Rural Health Center whose work is supported by Chifundo Medical Missions, INC.
