Part II, Section C, Line 17a

990 Schedule A, Supplemental Information

Return Reference	Explanation
Part II, Section C, Line 17a	The Foundations funds represent donations made by several thousand individuals practicing in the fields of photogrammetry remote sensing and geospatial analysis with the specific objective of fully endowing the awards and scholarship grants made by the American Society for Photogrammetry and Remote Sensing (ASPRS). The Public Support ratio has remained relatively stagnant from the prior year and is still lagging for several reasons, including the fact that investment income has increased significantly in recent years combined with the fact that the donor class is generally aware that the designated award funds have essentially reached full endowment status. Additionally plans for a major donor to establish a new award have been delayed to fiscal year 2021. The new award is expected to expand the potential for additional donations. Reviewing all of the factors, the organization believes it will soon meet the 33 1/3 support test once again.
