Our inaugural platform in Thailand collected plastics from rivers and canals before it ends in our oceans by leveraging a fleet of locally constructed and serviced river clean up systems. These efforts directly engage with local governments and nonprofit partners as well as corporate partners who help us create demand for "river plastics." We are currently developing plans for inland programs as well to help equip, educate, and protect waste pickers and their families.

PART X, LINE 2 - FIN 48 FOOTNOTE:	The Foundation is classified for tax purposes as a charitable organization under Section 501(c)(3) of the Internal Revenue Code. Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Foundation and recognize a tax liability (or asset) if the Foundation has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There has been no tax related interest or penalties for the periods presented in these financial statements.
