990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 3c FACTORS OTHER THAN FPG	Patients with incomes above 400% of the FPL may be eligible for financial assistance pursuant to a "means test." A patient will be eligible for financial assistance pursuant to the means test if the patient has excessive total medical debt, which includes medical debt to Ascension and any other health care provider for emergency and other medically necessary care, that is equal to or greater than such patient's household's gross income. ST. VINCENT HOSPITAL AND HEALTH CARE CENTER, INC. ALSO USES ASSET LEVEL, INSURANCE STATUS, AND RESIDENCY AS FACTORS IN DETERMINING ELIGIBILITY FOR FREE AND DISCOUNTED CARE.
Schedule H, Part V, Section B, Line 16 FAP AVAILABILITY	Facility Name: Indiana Orthopaedic Hospital, LLC Compliance with boxes c, f, g and I - completed after the close of Tax year 2020.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The cost of providing charity care, means tested government programs, and community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association ("CHA") guidelines. The organization uses a cost accounting system that addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.
Schedule H, Part II Community Building Activities	Research shows that social determinants and quality of life play a major role in the health status of individuals and communities. Community building activities, which focus on the root causes of health problems, ultimately influence and improve health status. Examples of community building activities include physical improvement and housing, economic development, community support, environmental improvements, leadership development and leadership training for community members, coalition building, advocacy for community health improvements and safety, and workforce development. During FY21, the community building dollars reported for St. Vincent Hospital and Health Care Center, Inc. focused on various community support and workforce development activities, such as participation in Junior Achievement's Job Spark and a cash donation to Indianapolis Urban League. It also provided community support by conducting Spanish CPR courses and hosting a "Fill the Ambulance with Diapers" event.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	After satisfaction of amounts due from insurance and reasonable efforts to collect from the patient have been exhausted, the Corporation follows established guidelines for placing certain past-due patient balances within collection agencies, subject to the terms of certain restrictions on collection efforts as determined by Ascension Health. Accounts receivable are written off after collection efforts have been followed in accordance with the Corporation's policies. After applying the cost-to-charge ratio, the share of the bad debt expense in fiscal year 2021 was \$59,342,894 at charges, (\$16,144,580 at cost).
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	THE ORGANIZATION HAS A VERY ROBUST FINANCIAL ASSISTANCE PROGRAM; THEREFORE, NO ESTIMATE IS MADE FOR BAD DEBT ATTRIBUTED TO FINANCIAL ASSISTANCE ELIGIBLE PATIENTS.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	The organization is part of the Ascension Health Alliance's consolidated audit in which the footnote that discusses the bad debt (implicit price concessions) expense is located in Footnote #2, pages 14-17.
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	A cost to charge ratio is applied to the organization's Medicare Expense to determine the Medicare allowable costs reported in the organization's Medicare Cost Report. Ascension Health and its related health ministries follow the Catholic Health Association (CHA) guidelines for determining community benefit. CHA community benefit reporting guidelines suggest that Medicare shortfall is not treated as community benefit.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	THE HOSPITAL FOLLOWS THE ASCENSION GUIDELINES FOR COLLECTION PRACTICES RELATED TO PATIENTS QUALIFYING FOR CHARITY OR FINANCIAL ASSISTANCE. A PATIENT CAN APPLY FOR CHARITY OR FINANCIAL ASSISTANCE AT ANY TIME DURING THE COLLECTION CYCLE. ONCE QUALIFYING DOCUMENTATION IS RECEIVED THE PATIENT'S ACCOUNT IS ADJUSTED. PATIENT ACCOUNTS FOR THE QUALIFYING PATIENT IN THE PREVIOUS SIX MONTHS MAY ALSO BE CONSIDERED FOR CHARITY OR FINANCIAL ASSISTANCE. Schedule H, Part V, Section B, Line 3E	Facility Group A St. Vincent Hospital and Health Care Center, Line 1 St. Vincent Women's Hospital, Line 2 St. Vincent Stress Center, Line 3 Peyton Manning Children's Hospital, Line 4 In the hospital's most recent CHNA, significant health needs of the community were identified after analyzing secondary data and community input. The process for identifying significant health needs as well as the prioritization process is as follows. Existing Health Indicator Data (also known as secondary data) - In collaboration with public health researchers, the hospital conducted a review of existing data and indicators relevant to this assessment. Following the review of this data, key insights were incorporated into CHNA activities and considered during the selection of health priorities. Community Health Survey (also known as primary data) - In collaboration with eight major hospital systems, health department representatives, community organizations, and with faculty researchers from the University of Evansville and Indiana University Bloomington, a survey was developed and conducted to collect data from residents in the hospital's service area. The survey process included; a) a random sample that recruited proportionately from all zip codes in the service area and b) a convenience sample survey that sought to collect the same data from individuals seeking care and services at organizations. Health Needs Prioritization Session - Hospital staff held a meeting of key stakeholders and organizational leadership in order to review data from all activities conducted for the CHNA. Subsequent to a formal presentation and discussion of the data, attendees in the meeting participated in a nominal group process to identify the top health needs that would inform the development of the implementation strategy. During which, the following criteria was considered: alignment with Ascension Health strategies of healthcare that leave no one behind; care for the poor and vulnerable; opportunities for partnership; availability of existing programs and resources; addressing disparities of subgroups; availability of evidence-based practices; and community input. Consequently, after all hospitals had prioritized their top five needs, the most commonly prioritized three needs across the system were determined to be the system-wide health improvement priorities, which were addressed in the hospital's implementation strategy. See Schedule H, Part V, Line 7 for the link to the CHNA and Schedule H, Part V, Line 11 for how those needs are being addressed.

The hospital's FY20-22 implementation st rategy addresses the prioritized health needs of mental health, with the addition of the s ystem-wide health improvement priorities of access to health services and nutrition & weig ht status - food security through the following system-wide health improvement priority st rategies: 1) Access to Health Services - The goal of the initiative is to increase the num ber of people enrolled in Medicare or Medicare Savings programs. This will be accomplished through an evidence-based strategy called Pathways, which is utilized by the hospital's h ealth advocates, who educate people interested in these programs about their options and a ssist with the application and submission process. The SMART objective is as follows: By J une 30, 2022 the hospital will increase its FY20 baseline number of enrollments for the Me dicare and Medicare Savings Program by 2.5%. During FY21, the hospital dedicated \$160,008 in community benefit to this initiative and assisted 36 people with obtaining Medicare and /or Medicare Savings insurance (FY20 baseline = 16, FY21 goal = 17, FY21 goal attainment = 211%). 2) Nutrition & Weight Status - Food Security - The goal of the initiative aligns wi th the Healthy People 2020 goal to eliminate very low food security among children. The st rategy focuses on encouraging schools and/or school districts to adopt a school-wide or di strict wide policy designed to increase student availability and participation in the scie ntifically supported school breakfast program. The target population are schools with less than 70% of students who eat free or reduced-price lunch also eating breakfast at school. To accomplish this, the system partnered with the national organization, No Kid Hungry, a nd other local organizations to launch the initiative. The hospital works with a food serv ice director of a school and/or districts to support breakfast after the bell models and/o r universal free school meal options. The SMART objective is as follows: The hospital will partner with a school and/or a school district to increase the percentage of students who eat free/reduced-priced lunch also eating breakfast in the School Breakfast Program by 2% from the baseline established at the beginning of FY21 until the end of FY22 (June 30, 20 22). However, due to the unanticipated, significant impact COVID-19 had on schools, the sc ope of the initiative was expanded to include all school nutrition programs, in addition t o the school breakfast program. Consequently, during FY21, THE HOSPITAL dedicated \$11,000 in community benefit to this i

The strategy consists of the hospital offering at least one MHFA training to the community at no charge during the reporting year. The target population is community members who want to be trained as MFHA "first aiders". To accomplish this, the hospital works with certified MHFA instructors and local community mental health and service organizations. The SMART objective is as follows: By June 30, 2022 the hospital will increase the number of community members trained to identify individuals experiencing mental health /substance issues by the end of FY 2022. Please note, a specific target will be set for FY 2022, after the baseline is determined in FY 2021. During FY21, the Hospital scheduled a virtual MHFA but had to cancel the training session due to a lack of participation. The hospital is committed to improving community health by directly, and indirectly, addressing prioritized health needs. However, certain factors impact the hospital's ability to fully address all priority health needs. The significant needs and explanations listed below are not being addressed in the hospital's implementation strategy plan for the following reasons: Substance Abuse - This issue is being addressed through the Mental Health priority.
