Part X, Line 2:	The accounting standard for uncertainty in income taxes addresses the determination of whether tax benefits claimed, or expected to be claimed, on a tax return should be recorded in the consolidated financial statements. Under this guidance, JCC Chicago may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of JCC Chicago and various positions related to the potential sources of unrelated business taxable income (UBTI). The tax benefits recognized in the consolidated financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities for the reporting periods presented in these consolidated financial statements. JCC Chicago and the Endowment Foundation each file Form 990 annual information returns in the U.S. federal jurisdiction and the State of Illinois.
