In 2016, the Wheaton Franciscan Sisters transferred their Iowa operations to Mercy Health Network, an Iowa-based health care system based out of Des Moines, Iowa. Mercy Health Network (MHN) is an integrated system of member hospitals and other health and patient care facilities united into one operating organization to improve the delivery of healthcare services to the people of Iowa and adjoining states. MHN's sponsors own and operate medical centers and other services in Clinton, Des Moines, Dubuque, Mason City, and Sioux City, and community hospitals in six other locations. In addition, MHN has 27 members who participate through contracts for management and other services. Mercy Health Network (MHN) was founded in 1998 under a joint operating agreement between two of the largest Catholic, not-for-profit health organizations in the United States: Catholic Health Initiatives, based in Englewood, Colorado, and Trinity Health, based in Livonia, Michigan. Covenant Medical Center in Waterloo, Iowa was founded in 1986 when Wheaton Franciscan Services consolidated St. Francis Hospital (founded in 1912) and Schoitz Medical Center (founded in 1904). Covenant Medical Center was located in two locations until 1991 when all acute care services were combined at one site. The other site was transformed into an assisted living center and adult services center. In 1995, Wheaton Franciscan Services' Iowa region was renamed Covenant Health System and included Covenant Medical Center in Waterloo, Covenant Foundation in Waterloo, Mercy Hospital in Oelwein, N. E. Iowa Real Estate Investments and Schoitz Health Resources. Sartori Memorial Hospital became a part of Covenant Health System in 1996 when the system entered a long-term lease agreement with the City of Cedar Falls. In 2006, Covenant Health System was renamed Wheaton Franciscan Healthcare-Iowa, to reflect its continued commitment to an integrated health care delivery system for residents of Northeast Iowa. Form and Line Reference	Explanation
Schedule H Supplemental Information	Schedule H Part 1 Line 6a: MercyOne Northeast Iowa strives to post a one-page Community Benefit Report summarizing the totals for the region. These reports can be accessed on the website under Commitment to Community at this link: https://www.mercyone.org/northeastiowa/about-us/community-benefit/commitment-to-community Schedule H Part 1 Line 7: Community Benefit amounts are reported using total actual costs per the hospital's managerial accounting system in use, which includes all patient segments including inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, Medicare HMO, uninsured, and self-pay patients. Medicare is reported using the most recently filed cost report at the time the Annual Report and related community benefit information is published. Amounts are summarized using a software application recommended by the Catholic Health Association in conjunction with the Iowa Hospital Association, because it can provide the information in a format suitable for Schedule H presentation. After the data is entered by the Site Finance Directors, its accuracy is verified by employees who are trained in community benefit reporting, and then approved by the Chief Financial Officer and the President/CEO of the Iowa organization. After amounts are verified and approved, community benefit amounts become finalized. Finally, the information is compiled with the assistance of CBISA software for presentation in IRS Forms 990 Schedule H and Statement of Program Service Accomplishments Part III. The Iowa hospital facilities are not required to report community benefit information to the State of Iowa but do make the information readily available on certain websites and report the information to the Iowa Hospital Association. Schedule H Part 1 Line 7 Column f: Iowa Hospitals follow guidelines established by the Catholic Health Association and the Iowa Hospital Association, who recommend that bad debt expense not be included in community benefit amounts. As a result of this applied methodology, a total amount of \$1,021,844 has not been included in the denominator of the calculation that determines the percentages reported on Schedule H Line 7 Column f. In addition to the community benefit described above, MercyOne Northeast Iowa also provides care to Medicare and Medicare HMO patients that is not fully reimbursed by the government. According to the most recently filed Medicare cost report, we provided \$26,328,958 in unreimbursed Medicare services. We are not including the gap in Medicare reimbursement in accordance with the Catholic Health Association Community Benefit Guidelines. If we included the Medicare shortfall, our total would be \$51,198,680. Schedule H Part 1 Line 7g: In the Iowa region, clinic operations are included as a department of the hospital, MercyOne Medical Centers (Waterloo, Cedar Falls and Oelwein), DBA Covenant Medical Center, Inc. Clinic operations for the MercyOne clinics in the Northeast Iowa regions are included only in the community benefit reporting of charity care, government sponsored health care, and Medicare shortfall. Therefore, costs related to physician clinics are not included in subsidized health services reported on Schedule H Part 1 Line 7g. Schedule H Part III Section A Lines 1-4: In determining bad debt amounts, the Iowa organizations use a two-level scoring process as follows: First, for any patient account that is categorized as having no insurance, when the amount becomes 60 days overdue or greater, the patient's account is reviewed for financial assistance qualification. If the patient is found to qualify for financial assistance, the necessary steps are taken to apply, and the needed adjustments are made to treat as charity care and not as bad debt. A similar scoring process is completed for those patients who do have insurance, but after 120 days or greater, still have not paid the patient responsibility portion. Again, these patient accounts are reviewed for financial assistance, and if they qualify, similar steps are taken to remove from bad debt. As a result of these scoring procedures, Iowa's position is therefore that none of the patients resulting in uncollectible accounts would have qualified as charity care patients as this determination is made at the time of admission, or later with the timing of the scoring procedures mentioned above. Bad debt is therefore only determined for each organization at the time the amount due is truly determined to be uncollectible, after financial assistance has been determined, and after many months of collection efforts. Additionally, the organization followed guidelines established by the Catholic Health Association and the Iowa Hospital Association, who recommends that no bad debt amounts be included in community benefit amounts. For these reasons, Part III Section A Line 3 is reported at zero. Schedule H Part III Section A Line 4: Sartori Memorial Hospital, Inc. is included in the consolidated financial statement.

Form and Line Reference	Explanation
Schedule H Supplemental Information	ements of MercyOne Northeast Iowa. The following is the text of the footnote from the financial statements which addresses the allowance for doubtful accounts. This footnote can be found on page 14 of the attached consolidated financial statements. The Company estimates the transaction price for patients with deductibles and coinsurance and for those who are uninsured and underinsured based on historical experience and current market conditions, using the portfolio approach. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenue in the period of the change. Subsequent changes that are determined to be the result of an adverse change in the payor/patient's ability to pay are recorded as bad debt expense in other expense in the statement of operations and changes in net assets. Schedule H Part III Section B Line 6-8: Schedule H Part I II Section B Line 6 reports allowable costs of care as taken from the most recently filed Medicare cost report available at the time of publishing the Community Benefit Report. The Medicare cost report calculates its allowable total costs based on applicable Medicare regulations. Medicare and Medicaid costs are determined using individual cost center cost-to-charge ratios. This cost to charge ratio is determined using all payer cost and all payer charges. The cost to charge ratio is applied to the actual Medicare and Medicaid charges to determine the Medicare and Medicaid cost. This organization has adopted the cost and charge practices as recommended by the Catholic Health Association and the Iowa Hospital Association, and therefore, does not count any Medicare shortfall numbers in its annual reporting of Community Benefit amounts. Schedule H Part III Section C Line 9b: Iowa organizations follow a policy that outlines all collection practices for patients who are known to qualify for government programs and for our charity care program. We make every attempt to assist the patient in enrolling in government insurance plans or our own charity care program allowing for free or discounted care. If the patient does not qualify for any type of aid or charity care, declines to establish a reasonable payment plan or pay the liability, the patient will be moved into a bad debt status, and the account is sent to a collection agency. This does not occur before the patient has received several notices and a final written warning. Please also see Schedule H Part III Section A Lines 1-4 narrative response. Schedule H Part V Section A and Section C: Affiliates of the Iowa region have defined and reported hospital facilities to include only those bricks and mortar buildings that actually have inpatient beds, in addition to meeting all other criteria under Iowa state law required for hospital licensing. Although there may be other facilities within our system built to hospital specifications, performing hospital-based billing, and conforming to other hospital standards under state law, until there is further guidance from the IRS, these facilities have been reported in Section C, due to their lack of having state certified inpatient beds. Schedule H Part VI Line 2: Iowa assesses the needs of the communities it serves by reviewing admission and discharge data, analyzing information from the community health departments and other community leaders, and by aligning our services with the Healthy People 2030 and other current year initiatives. The Iowa hospital organizations complete a Community Health Needs Assessment and Implementation Plan every three years. Please reference Schedule H Part V Section B Lines 1-12 for additional information. Schedule H Part V I Line 3: Iowa provides its patients with several opportunities to gain knowledge and awareness of its Community Care (Charity)

Schedule O Disclosures	IRS Form 990 Part I Line 6 Sartori Memorial Hospital, Inc. received donated services through volunteers assisting in such areas as surgical waiting area, information desk, ambulatory surgery, medical records, engineering, occupational health, dietary, community screenings, materials, laundry, surgery, administration, human resources, public relations, wellness, and medical runner. Part V Line 1a and Part VII Section B Line 1-2 MercyOne Northeast Iowa streamlined their reporting of IRS Forms 1099-MISC so that most 1099-MISC are now reported using the FEIN number of the parent organization or of a related organization. The actual expense continues to be either paid by, or transferred to, the individual entity, which is normally a subsidiary or related organization to the organization(s) issuing the 1099. For this reason, the reader may notice on some 990's that there are top 5 independent contractors reported, but no 1099s are reported. Likewise on the 990's of the organization(s) reporting number of 1099's, there may be a disproportionate share of 1099's reported as compared with the actual expenses of the organization. IRS Form 990 Part VI Section A Lines 6-7b Sartori Memorial Hospital, Inc. has one member which holds several reserved powers over Sartori Memorial Hospital, Inc. These reserved powers include, but are not limited to, the election of members of the governing body and election of officers, approval of certain financial expenditures in accordance with policy, and approval of budgets and strategic plans; these approvals are based on recommendations from the governing body. IRS Form 990 Part VI Section B Lines 11a and 11b Affiliates of MHN during the fiscal year ending June 30, 2021 used a multiple-level review process on all IRS Forms 990 to ensure accurate and timely filing for all organizations. Under the direction of the Chief Financial Officer, the Accounting Department prepares Forms 990 and any applicable 990-T and associated state filings. When complete, the return is first reviewed by a Senior-Level (or higher) associate in the Finance Department, who focuses on the income statement and balance sheet items, and schedules where transactions of this type might be reported. If discrepancies are found, the item will be corrected prior to the next step in the review process. Once cleared through Finance, the return is provided to the Tax Department of the MHN sponsor organization, where the Tax Director concentrates primarily on consistency of reporting between all returns, accuracy of tax related information, and explanation and understanding of any outliers. Again, any problems or questions are investigated and corrected. Depending on the level of complexity of the year in question, as well as the individual issues specific to that filing, certain returns may be selected for outside review by a public accounting firm. This decision will vary from year to year based on many factors, and sometimes outside review is not utilized at a

This process is performed annually. IRS Form 990 Part VI Section C Line 19 Affiliates of Mercy Health Network, during the fiscal year ending June 30, 2021, provided upon request certain documents including our financial statements, conflict of interest policy, and governing documents that support our tax exempt status, including, but not limited to, articles of incorporation and bylaws. IRS Form 990 Part VII Column B Affiliates of Mercy Health Network during the fiscal year ending June 30, 2021 operated as a controlled group of related healthcare organizations. As such, many employees who are at the Director level or above, or who are Officers and/or Directors of organizations where MHN has common boards and other overlaps in committee representations, spend significant time devoted to tasks not only for the filing organization, but also for related organizations. While there is no official time study tracking that is done, it is estimated that for each employee, tasks devoted to related organizations could approximate up to 80% or more of total hours. IRS Form 990 Part XI Line 9 Certain related organizations utilize receivable/payable accounts throughout the year. These intercompany balances were settled through the equity account at the end of the fiscal year to bring the receivable/payable balance to zero. For the fiscal year ended June 30, 2021 this resulted in a decrease in net assets or fund balances of \$7,449,153.
