| Part III, Line 3:       | McPherson Hospital, Inc. is unable to determine the amount of bad debt expense attributable to patients eligible under its charity care policy for the year covered by this return. Suggested methods for estimation were either not in place or proved to be unreliable. For example, the number of financial assistance applications distributed but not returned was not tracked. Using demographic data to estimate an amount did not provide reasonable results. Rather than provide an estimate that cannot be substantiated, McPherson Hospital Inc. has chosen to report zero dollars as bad debt expense attributable to charity care patients. |
| Part III, Line 2:       | The Hospital's bad debt at cost was determined by applying an overall ratio of cost to charges.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

| McPherson Hospital, Inc. | Part V, Section B, Line 5: The assessment was achieved through the co-leadership of the director of the McPherson County Health Department along with input from other county hospitals, Lindsborg Community Hospital and Mercy Hospital in Moundridge. The McPherson County CHNA process included gathering opinions from the public and area sources through the use of a survey and quantitative data from secondary sources. A survey instrument comprised of 36 questions was developed by the leadership of the participating hospitals and the public health department. The electronic survey was made available throughout the county through various means including media, social media, hospital websites, and was publicized through said sources as well as newspaper and radio. A focus group was formed to provide input regarding the results of the survey. Included in the focus group were individuals representing health care, law enforcement, family advocacy, indigent populations, mental health, public health, civic leadership, education, religion, and senior services, fitness, and Chamber of Commerce, among others. A total of 380 survey responses were received with each community in the county represented in the respondent group. |

| McPherson Hospital, Inc. | <p>Part V, Section B, Line 11: The annual update below pertains to the CHNA and implementation strategy completed for the 2018 tax year (fiscal year ended 06/30/2019), which is the second annual update for the three-year cycle. The most recent CHNA was adopted by the boards of the associated McPherson County Hospitals in June 2019. The McPherson Hospital Implementation Strategy was adopted by the McPherson Hospital Board of Trustees on October 28, 2019. A status update on each initiative is provided below. As is evident, the Covid-19 pandemic continues to significantly limit the hospital's resources and abilities to address the identified health concerns over the last year. However, several initiatives saw progress or were completed during a significantly challenging time.</p> <p>Community Mental Health Taskforce: The hospital participates in this taskforce created to address mental health issues in the county. They meet quarterly to develop resources and educational opportunities to bring awareness and create dialogue between agencies to better care for mental health patients. Public educational forums are planned each spring and fall. Impact is monitored as activities and initiatives continue to develop over the years. The goal is to educate the communities in McPherson County about mental health issues and to develop inter-agency strategies to provide appropriate care for patients. This taskforce took a break during the height of the pandemic. One of the challenges identified was using healthcare or law enforcement personnel to sit with at-risk patients until appropriate levels of support could be secured, which was pulling these resources away from other needs. As a result, we have contracted with a third party that provides one-on-one support for patients needing immediate mental health observation, providing a safer environment for all parties, and allowing the medical teams and law enforcement to remain available for other needs. In addition, we have now implemented the Columbia Suicide Severity Rating Scale in our Emergency Department to help assess our patients' mental health status related to suicide so that appropriate interventions can be administered if needed. All patients presenting to the Emergency Department are now screened using this assessment tool.</p> <p>Assess Internal Employee Assistance Program and Provide Training: As a means of assisting hospital employees while educating them on mental health issues, the plan is to research available resources and opportunities for hospital employees to become educated about and engaged in management of their own potential issues as well as for patients. Better educated employees will allow for appropriate treatment and care for themselves and their patients. This employee-focused assistance program is promoted during new employee orientation and periodically in monthly staff newsletters to inform and encourage utilization of services for personal well-being in a variety of life situations and circumstances.</p> |

Statistics for usage are not documented due to confidentiality concerns, but we do k now that employees are utilizing these services for their intended purposes.Community Drug Abuse Taskforce: The hospital is part of this ongoing taskforce whose goals are to provid e resources, outreach and education to the public about the dangers of opioid use. Impact is monitored as activities and initiatives develop over the years. The goal is to educate the communities in McPherson County to help prevent abuse, make McPherson County a safer p lace and to get ahead of the epidemic. This group has met quarterly in the past but has su spended all meetings during the pandemic. It is unknown if meetings of the wider group will l resume when we are not faced with pandemic challenges. We are aware that law enforcement continues to be involved in drug abuse education in our community.K-TRACS EHR Integration : This is a database designed to let physicians and pharmacists know if a patient is recei ving and filling multiple controlled substance prescriptions. The plan is to integrate pat ient drug prescribing history into our EHR. Providers who are aware of their current and p ast prescriptions can make informed decisions on what they are prescribing. A contract has been signed with the software interface management group. We are now fully functional in using K-TRACS in the emergency department with all of our physicians.Non-Narcotic Order Se t: The goal is to design an order set for electronic use that does not contain narcotics, thereby patients will not be exposed to as many narcotics. Providers are becoming aware th at narcotics are sometimes not the safest form of pain management. This initiative continu es to be delayed due to shifting focus of resources related to COVID-19.Electronic Prescri bing of Narcotics: The plan is to make it mandatory for all providers to electronically pr escribe narcotics. Electronically prescribing medications provides better tracking and dru g management, increasing provider awareness of patients' narcotic use. The State of Kansas now requires this practice. We are now fully 100% compliant with this requirement, and ar e able to utilize waivers for printed scripts if the computer system is down. Provide Staf f Training and Education on Drug Abuse: The plan includes education from PrairieView Menta l Health Center for staff on how to properly identify and care for patients with a substan ce abuse problem. Staff will be able to better identify and care for drug abuse patients a nd provide better education and referral services upon discharge. PrairieView, a major men tal health provider in the area has conducted staff training onsite for providers in the p ast, but challenges related to the pandemic have put a strain on resources, including staf fing and reallocation of resources. This will remain in our plan of action and can resume when operations return to more normal levels. Walk Kansas Co-sponsorship: In the past, we have taken an active role and</p> |

| McPherson Hospital, Inc. | <p>partnered with the Kansas State University Extension Office in McPherson County for this a nnu al spring event designed to encourage teams of 6 or more people to track minutes of phy sical activity and food choices during an 8-week period. This potentially impacts a couple hundred people, encouraging activity and overall good health. Our participation in co-spo nsoring this event is dependent on the county extension office utilizing our support, whic h did not happen this past year.</p> <p>Internal wellness committee story sharing: This is to deve lop personal weight loss and wellness stories of hospital employees that can be shared int ernally and externally to encourage others. Leading by example, the impact can be that oth ers in the county will be encouraged to create their own success stories. The ongoing pand emic continues to affect many of our programs in this area due to shifting of personnel re sources. However, we will keep this in our plan of action for future consideration.</p> <p>Continu e targeted Doc Talks: This is a series of lectures from hospital providers on topics of ge neral health and targeted toward specific identified health needs. It has the potential to reach hundreds of people annually through education and resources. Because the format for this is in-person engagement, due to ongoing COVID-19 concerns, these events have been su spended indefinitely.</p> <p>Virtual Run Sponsorship, the "Hess Express": Named after the family for which our fitness center is named, this initiative is to sponsor a community-wide effo rt to motivate and engage people in specific healthy activities with goals toward individu al completion. This potentially impacts hundreds of people, encouraging physical activity and overall good health. A virtual run was sponsored in February through May of 2021. Part icipants logged physical activity such as walking, running or biking, over a specified tim e period. There were over 50 participants.</p> <p>Pair-a-docs: This monthly local radio show conti nues where, in more normal times, hospital providers and others discuss a variety of healt h topics. Due to the ongoing pandemic, the subject matter continues to focus on ways to ke ep the public informed and safe. This program has continued to serve as an invaluable reso urce for communicating important information for the public. Our local radio station does not track numbers of listeners so that data is not available.</p> |

| McPherson Hospital, Inc. | Part V, Section B, Line 11: Food insecurity screenings in the clinics: The goal is to include two validated screening questions about food insecurity during annual exams in the physician clinics. Eleven percent of people in McPherson County struggle with food insecurity, which increases risk for obesity and simultaneous malnutrition. Implementing screenings would raise awareness of patients who are struggling with food insecurity, and potentially reduce the risk of obesity by directing them to resources or food assistance programs. Before this could be fully developed and initiated, the pandemic caused a significant change in the number of patients seen in the clinics and the priorities for care. More recently, through physician and dietitian consultations, clinical priorities have shifted to malnutrition awareness for our patients, particularly for COVID patients. The plan is to keep the food insecurities initiative in the plan, as it is also part of the broader malnutrition awareness program that is continuing to be developed. |
