Part X, Line 2:	The Financial Accounting Standards Board issued ASC 740-10, Accounting for Uncertainty in Income Taxes, which prescribed a comprehensive model for how an organization should measure, recognize, present, and disclose in its financial statements uncertain tax positions that an organization has taken or expects to take on a tax return. The Organization has analyzed tax positions taken for filing with Internal Revenue Service and all state jurisdictions where it operates. The Organization believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Organization financial condition, results of operations or cash flows. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2021 and 2020. Fiscal years ending on or after June 30, 2018 remain subject to examination by federal and state tax authorities.
