Return Reference	Explanation
Schedule D, Part VII LINE 3 - ALTERNATIVE INVESTMENTS	The University invests its assets through an outsourced chief investment officer (OCIO) model. The OCIO managing the majority of the University investments is The Investment Fund for or Foundation (TIFF). The University owns interests in two different products structured as a partnership fund which invests with a wide variety of investment products and vehicles. Since the University does not own a direct interest in the underlying investments themselves but gains exposure through the ownership interest in the overarching fund, the investments are classified as alternative investments although the actual underlying exposure is much more typical of a common university endowment portfolio. The assets comprising the alternative investments reported are investments in TIFF's Multi-Asset Fund ("MAF"), TIFF's The Keystone Fund ("TKF"), and certain legacy private equity investments managed by Hirtle & Callaghan. The MAF has daily liquidity, and is comprised of underlying investments in funds focused on equity, debt, and commodity securities employing a variety of strategies. Assets types for the MAF include global equities, high yield bonds, resource-related equity, real estate investment trusts hedge funds, asset-backed securities, commodity futures, opportunistic credit assets, conventional bonds, treasury inflation-protected securities, and cash. TKF, has quarterly liquidity with 180 days' notice, and similar to the MAF, TKF invests in the same types of investments as the MAF with the addition of private equity investments. The University's exposure to private investments when taking into account the underlying assets of the multi-asset fund and the Keystone fund was approximately \$38.2 million and \$25.5 million as of June 30, 2021 and 2020, respectively. This equates to 26.3 percent and 23.1 percent of the total balances for June 30, 2021 and 2020, respectively. Additionally, total exposure to alternative investments was \$60 million and \$40.8 million making up 41.3 percent and 38 percent of the investment balances as of June 30, 2021 and 2020, respectively.

Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	The University and UST Realty Company have received determination letters from the Internal Revenue Service of exemption from federal income tax under Section 501(c)(3) of the Internal Revenue Code (IRC), and accordingly, no provision has been made for such taxes. Accounting standards generally accepted in the United States of America require that the University recognize the financial effects of a tax position in its consolidated financial statements, if that tax position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the tax position. Tax positions taken related to the University's tax-exempt status, the taxable income of unrelated business activities, and the deductibility of expenses and other miscellaneous tax positions have been reviewed, and management is of the opinion that material positions taken by the University would more likely than not be sustained upon examination by taxing authorities. Accordingly, the University has not recorded an income tax liability for uncertain tax benefits.
