Part 3

What is the organization's primary exempt purpose:

Asali's mission is to improve childhood quality of life worldwide through education, arts, and health initiatives. Asali collaborates with locally run partner organizations to develop programs focused on improving the lives of children around the world.

Asali currently partners with Simba's Footprints, an organization in Tanzania that runs after-school programming and events at its community center in Majengo, Moshi. Through mentorship, financial support, and program development assistance, Asali supports three major programs at Simba's Footprints. All projects are a collaboration between Asali and Simba's.

Part 3. Item 28

English Initiative

One of Asali's major points of focus is English language development. English is critical for Tanzanian students' education, as after Standard 7 (ages 12-14), the entire education system switches from Swahili to English. Access to education beyond Standard 7 is dependent upon a passing score on the National Exam, which contains a difficult English language section. Many students are unable to complete their education because they are unable to pass the exam. Due to these challenges for the students, Asali's flagship program is focused on increasing access to high-quality English education. Our current English initiative is two-fold: providing an English Club during school hours and teacher training after school.

This past year Asali reached a total of 290 children through our English program through our continued work with three primary schools, Langoni Primary School, Mji Mpya Primary School and Miembeni Primary School. All of these schools are among the five primary schools in Simba's community. After collaborative meetings between school headmasters, Simba's

representatives, and Asali board members, English programming will continue for students in three grade levels at each establishment. We look forward to strengthening our relationship with both schools as we continue to collaborate. Our students are excited and engaged during class and have reported that they greatly enjoy the interactive teaching techniques. In addition to these classes for school aged children, Asali has piloted an Early Childhood Education program that aims to provide early access to English education for younger children in the community. Currently, 35 children are enrolled in this program and attend class at Simba's Footprints. Finally, we have expanded this program to adults in our community who have not had the chance to receive comprehensive English education and are providing English education for fifteen young women enrolled in the sewing program at Simba's Footprints.

Another important piece of the English Initiative is teacher training for educators at the Langoni School. Training the teachers to use multi-sensory, interactive teaching methods enriches their practices and their own English proficiency. This mentorship-style program encourages educators to be more impactful with the children in their classes and their communities. This ripple effect will allow Asali to reach many more students through different teachers and schools than would be possible as an isolated organization. To date, Asali has hosted 8 of these trainings open to all teachers who choose to attend.

Finally, as part of our education initiative, Asali established a library at Simba's Community Center in FY18, which remains the only Library in the Majengo community. In 2019, we were able to completely renovate the space including painting the walls, adding a mural, and building new furniture.

Thanks to these renovations, we were able to implement new uses for the space. Often students are unable to purchase study books on their own and are unable to study effectively at home with a lack of electricity or space. In response to this, Asali purchased copies of all secondary study materials and has open library hours. This space hosts the Early Childhood Education Program, as well as the study hall for secondary students.

Asali's investment in the English Initiative for this fiscal year totaled \$5526.

Music Program

Due to the substantial success of the music program and based on feedback from the community, Asali dedicated much of our support to the music initiative this year. With a full

renovation of the music studio, we were able to create more space for students to practice their skills and hone their craft. Additionally, this new space allowed us to add additional instruments to keep more students engaged in learning. This year culminated in a music festival that was planned, prepared for, and hosted by our music students with unending support from their music teachers. The growth in their skills is palpable to everyone who watches them perform. What started as students learning scales and finger placement has grown into a functioning group of musicians who are excited to perform for their peers and the community. We have also dedicated funds to repairing and maintaining instruments, providing students with performance attire, and keeping our experienced staff available to provide lessons and support to our students. Finally, we have had a local musician volunteer with the students, providing valuable insight on how to be successful in the industry in their own communities.

This year, Asali has provided \$2804

Part 3. Item 30

Health Program

This year, Asali continued to support the 64 children receiving health insurance on the updated insurance plans that were expanded to include all medical expenses, prescriptions and surgeries at multiple hospitals across Tanzania.

As mentioned last year, in response to the COVID19 global pandemic, Asali worked in conjunction with Simba's Footprints to provide substantial resources for the community. This included a two phase response in April of 2020 and June of 2020. Phase 1 of the COVID19 project consisted of creating 200 Family Care packages to help the families in the community respond to the unexpected economic and physical shutdown of Tanzania due to quarantine and lockdown measures, making 700 reusable masks sewn by members of the community, and building and delivering five touch-free hand washing stations to common areas in the community. In addition, health advisories and information from WHO were translated into Swahili and posted around the area in multiple frequented sites. During Phase 2 of the COVID19 project, Simba's and Asali provided all students attending Simba's activities with masks, hosted teacher trainings at all four primary schools on how to reopen schools as safely as possible based on the resources created by Heal International, and placed large hand washing stations and soap at each school. Asali continued to fund COVID19 support in the 2020-2021 fiscal year.

With regard to health education, the Asali team collaborated with our partner, Simba's Footprints, and Femme International to organize a Moshi-wide movement working towards women's health education being available in schools.

It all started with a week of workshops in our partner community public schools and radio talk shows covering different women's health topics. Then followed a Menstrual Hygiene Day event where we had amazing guest speakers from KCMC hospital and activist organizations, such as Songambele Initiative. Wrapping up the celebrations were poems, dances, and drama pieces organized and performed by the Simba's Footprints kids.

Asali's cost to deliver these resources in partnership with the incredible team at Simba's Footprints was \$1000.

Part 3, Item 31

Operations

This year's operating budget primarily went toward the planning and execution of fundraising initiatives. As Asali is currently running on public support donations and dealing with limitations caused by COVID19, fundraising events included online campaigns and a virtual event. Other operations costs include bank wires, shipping fees, website fees, and federal/state tax filing fees. Total cost in FY19 was \$696.
