Earth Island Journal For nearly four decades, Earth Island Journal has been publishing a unique, wide-angle perspective, which strives to make the connections between the environment and other human rights and social justice issues. Over the course of publishing more than 140 issues, the Journal has broken ground on covering critical environmental topics and received a number of media awards for excellence in journalism. In fiscal year 2021, the Journal published a mix of hard-hitting investigative features and powerful explanatory pieces in its print issues, including a cover story about a grassroots movement against a proposed lithium mine in Nevada that calls attention to green techs reliance on extractive industries and practices; a dispatch about an anti-science movement in Puglia, Italy, that has stymied efforts to combat a disease devastating the regions ancient olive trees; and an investigation into how a loophole in California's cap-and-trade program is allowing a Native Alaskan timber company to sell carbon offsets for forests that were likely never intended for logging. Online, the Journal highlighted the work of activists fighting fossil fuel companies and demanding bold climate action; reported on the ongoing persecution of apex predators in the U.S.; and continued to dedicate a large share of its coverage to issues at the intersection of race, gender, poverty, and environment. The magazines work was recognized by awards from the Society of Environmental Journalists, the San Francisco Press Club, and the John Burroughs Association.

Part X : FIN48 Footnote	The Institute is an exempt corporation under Section 501(c)(3) of the Internal Revenue Code and 23701(d) of the Revenue and Taxation Code and, therefore, has made no provision for Federal or California income taxes. The Institute adopted the recognition requirements for uncertain income tax positions as required by generally accepted accounting principles, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Institute has analyzed tax positions taken for filing with the Internal Revenue Service and all state jurisdictions where it operates. The Institute has elected to utilize Section 501(h) of the Internal Revenue Code, which allows limited lobbying activities by Section 501(c)(3) nonprofit organizations. The Institute believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Institutes financial condition, results of operations or cash flows. Accordingly, the Institute has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions as of June 30, 2021. The Institute is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Form 990, Part VI, Line 15a: Compensation Review & Approval Process - CEO, Top Management	Earth Island Institute Policy for Board Approval of Compensation The Executive Director of Earth Island Institute is the principal representative of Earth Island Institute, Inc., and the person responsible for the efficient operation of the organization. Therefore, it is the desire of Earth Island Institute to provide a fair yet reasonable and not excessive compensation for the Executive Director and other highly compensated employees and consultants. The annual process for determining compensation is as follows: Earth Island Institute's full board shall annually evaluate the Executive Director on his/her performance, and ask for his/her input on matters of performance and compensation. Board Approval. A Board Evaluation Committee will collect research and information in order to make a recommendation to the full board for the compensation (salary and benefits) of the Executive Director and other highly compensated employees or consultants based on a review of comparability data. For example, the Committee will secure data that documents compensation levels and benefits for similarly qualified individuals in comparable positions at similar organizations. This data may include the following: 1 Salary and benefit compensation studies by independent sources; 2 Written job offers for positions at similar organizations; 3 Documented telephone calls about similar positions at both nonprofit and for-profit organizations; and 4 Information obtained from the IRS Form 990 filings of similar organizations. Concurrent Documentation. Independence in Setting Compensation: The Chair of the board of directors, who is a volunteer and not compensated by the Earth Island Institute, will operate independently without undue influence from the Executive Director.
