990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part III, line 3	In 2018, the Federation signed a 12-year agreement called the Greenland Atlantic Salmon Conservation Agreement. This agreement is between the Federation, The North Atlantic Salmon Fund and The Organization of Fishermen and Hunters in Greenland (KNAPK). The agreement signifies that there will be no commercial export fishery for salmon, only a well-regulated subsistence fishery during the lifetime of the agreement. Each year there is a financial commitment of 2,050,000 Danish Kroner (approximately \$328,000 in United States dollars) for compliance of the agreement to which the Federation is responsible for 50% of this amount. The expected payout dates are in September and December of each year once the information on the years harvest has been reported. There are penalties if the harvest goes over the 20-tonne threshold as well as incentives should the harvest come in below the established threshold. This incentive amounts to 50,000 Danish Kroner (approximately \$8,000 United States dollars) per tonne. In the summer of 2021, after a change in government in Greenland and changes in leadership with at KNAPK, it was agreed by all parties to put the agreement on hold pending a review. While on hold no payments will be made. Since then, discussions are underway to determine parameters under which the agreement could continue. As at September 30, 2021, the Federation has \$1,229,039 (\$1,328,578 as at September 30, 2020) on hand which are restricted to use in support of this Agreement. This amount is included in the Temporarily Restricted Net Assets. The agreement states that any violation of any term of the agreement allows any of the parties to declare the agreement null and void and as such due to the uncertainty of such agreement there has been no contingency recorded in the Organization's financial statements.
