990 Schedule A, Supplemental Information

Return Reference	Explanation
SCHEDULE A, PART IV, SECTION D, LINE 2, 3 & SECTION 3, LINE 1C	Although the Foundation is separate and independent from the University, its mission is to facilitate the acquisition, construction and equipping of a technology and research park on the University's campus in order to create new academic and entrepreneurial opportunities for the University's faculty and students. Consideration received by the University from the Foundation includes the traditional benefits enjoyed by a University from an affiliated research park, including but not limited to, increased exposure for development and commercialization of the University's intellectual property and technologies, increased research opportunities for the University's students and professors, and heightened exposure within the commercial world of the technological campus offerings. In August 2018, the University Provost & Senior Vice President of Academic Affairs agreed to serve as President of the Foundation until July 2020. In July 2020, the Vice President for Research and Economic Development agreed to serve as President of the Foundation. The President is a member of the Foundation Board with full voting powers. Contributed services in the amount of approximately \$74,868 and \$50,489 were recognized by the Foundation during fiscal 2021 and 2020, respectively, related to services provided by the individual serving as the President of the Foundation. The Foundation Board includes members who are also members of the VCOM Board of Directors, Auburn University Foundation Board of Directors, University Board of Trustees as well as other University employees. A banking relationship exists between the Foundation and a financial institution whose president/CEO is a member of the Foundation Board and the University's Board of Trustees. Additionally, the spouse of one board member is also on the board of River Bank & Trust where the loan for Building 5 and the furniture loan were obtained. The Foundation and the University entered into an Operating Agreement (the Agreement), which governs the general and administrative and development financial relationships between these two entities. In summary, the Agreement states that in return for certain services and facilities that are within the capability and control of the University, the Foundation will reimburse the University for the cost of such services and facilities. The Foundation makes an annual determination of its allocable share of these costs and records the transaction. As discussed below, unpaid amounts at September 30 are included in "Other payable to Auburn University" on the Statements of Consolidated Financial Position. The Foundation and the University review the Agreement annually and provide an estimate of the maximum consideration to be paid for the upcoming year for approval by the respective boards. The University did not charge the Foundation for any personnel costs in fiscal 2021 and 2020. Personnel costs incurred by the University and not reimbursed by the Foundation were \$1,156,986 and \$6

SCHEDULE A, PART IV, SECTION D, LINE 2, 3 & SECTION 3, LINE 1C	49,514 in fiscal 2021 and 2020, respectively. These costs are reflected in the Foundation's financial statements as general and administrative expense and as corresponding contribution revenue without donor restrictions. The Foundation entered into subcontracts with the University to provide services to fulfill the Foundation's sponsored project agreements. The University provides certain operating services to the Foundation. As of September 30, 2021 and 2020, the Foundation owed the University \$50,143 and \$10,140, respectively, related to these services. Additionally, the Foundation shares miscellaneous costs related to office expenses and equipment leases with a University department. Payables to the University for these expenses were \$0 and \$322 as of September 30, 2021 and 2020, respectively. All amounts owed to the University are shown in "Other payables to Auburn University" on the Statements of Consolidated Financial Position. The amounts due from the University to the Foundation of \$588,549 and \$33,444 at September 30, 2021 and 2020, respectively, relate to operating transactions between the University and the Foundation. This amount is included in "Accounts receivable" on the Statements of Consolidated Financial Position. The Foundation held lease agreements with nineteen University departments in fiscal 2021, whereby the departments leased office space from the Foundation. As leasing tenants, the University departments remit a monthly rental fee to the Foundation in accordance with their lease agreements. The University paid approximately \$3,545,567 and \$358,148 in lease costs during fiscal years ended September 30, 2021 and 2020, respectively. During fiscal 2018, the University entered into an agreement to lease space in Building 5 and made a prepayment of \$245,000. Upon commencement of the lease and occupancy of the facility by the University, for a period of ten years, \$24,500 shall be credited and deducted annually from all rent otherwise payable by the University to the Foundation for the lease of space (the "Rent Credit"). This Rent Credit shall serve as a declining credit account in favor of the University against the Prepayment Funds. The University began their lease with the Foundation for Building 5 on September 16, 2020. During fiscal 2021 and 2020, \$24,500 and \$1,021 of the pre-paid rent was recognized as revenue, respectively. The Foundation entered into a contract with the University and the City of Auburn during fiscal 2011 to develop and manage a full-service business incubator. During fiscal 2020, the Foundation evaluated the deferred revenue balance relating to the contract payments and determined that the incubator's scope, function, impact, and operations had evolved such that the contract with the University was to be deemed a fee for service agreement as opposed to a contracted payment with specific purpose restrictions. Therefore, in fiscal 2020, the deferred balance of \$371,666 was recognized into Other Contract R

As of September 30, 2020, the r emaining amounts of the contributions of \$37,500, are shown in "Deferred revenue" on the S tatements of Consolidated Financial Position. As of September 30, 2021, all portions of th is contract have been recognized, therefore there is not any deferred revenue related to t his contract. On September 16, 2020, the Foundation entered into a thirty-year lease agree ment to lease space inside Building 5, owned by ARPI. ARTF plans to operate an event cente r and sublease caf space inside the new building. Intercompany rental revenue and rental e xpenses totaled \$478,945 \$19,956 in fiscal 2021 and 2020, respectively. PART III PROGRAM SERVICE ACCOMPLISHMENTS	The Auburn Research and Technology Foundation (the Foundation) is an independent Alabama nonprofit corporation organized on August 24, 2004, to develop and operate the Auburn Research Park and to assist Auburn University (the University) with the attraction, development, and commercialization of technology. The Foundation's activities are governed by its own Board of Directors (the Foundation Board). The first major project of the Foundation was the establishment of a research park. The research park is the result of a partnership agreement between the State of Alabama (the State) through the Governor's office, the University, the City of Auburn, and the City of Auburn Industrial Development Board (the Board). The vision for the park is to establish an entrepreneurial atmosphere in a business and research environment which fosters creativity and innovation, and embraces collaboration, partnerships, and networking that leads to economic diversification and enhanced economic vitality of the University and the local community, state, and region. The City of Auburn contributed \$5,000,000 in-kind infrastructure improvements to the University as improvements to the land where the Auburn Research Park (the Park) is located. On October 31, 2010, construction of Building 570 was completed. The Foundation leases building space in Building 570 to businesses involved in projects promoting the University's research mission. On March 1, 2007, for the purpose of making loans and advances, the Board entered into an agreement to lease the site for Building 570 from the University. The Board paid annual rent of \$10 to the University under the terms of the lease. The ground lease agreement had an expiration date of January 1, 2025; however, the agreement was terminated on October 8, 2010, the time all obligations due to the Board by the Foundation were paid in full. At that time, the University entered into an agreement with the Foundation where the Foundation leases the site for Building 570 from the University. The Foundation pays annual rental of \$1 to the University under the terms of this ground lease. The ground lease agreement expires on March 15, 2057, unless terminated prior to that date. These transactions represent an unconditional promise of the use of a long-lived asset, the leased land. Since the rental payments are below the fair market value of the property, the Foundation recorded a contribution receivable for the difference between the fair rental values of the property, initially calculated using a 7% discount rate, and the stated amount of the lease payments. At the formation of the original lease, the contribution receivable booked was \$302,878, net of a discount of \$251,740. During fiscal 2011, the interest rate was reevaluated and changed to 5%, and the lease period was extended. An additional contribution receivable of \$589,790 and discount of \$401,121 were booked in fiscal 2011. An adjustment to the contribution receivable was made in fiscal
